

Patient Experience Survey

Your experience matters to us.

If you've visited us recently, you may receive an email inviting you to take part in the Patient Experience Survey — a national survey run by the Health Quality and Safety Commission.

We'd love you to take part.

Your honest feedback helps us understand what's working well and where we can do better – for you, your whānau, and everyone in our community who relies on our practice for their care.

Keep an eye on your inbox. It only takes a few minutes, and every response makes a difference.
